That Makes Air Better!**

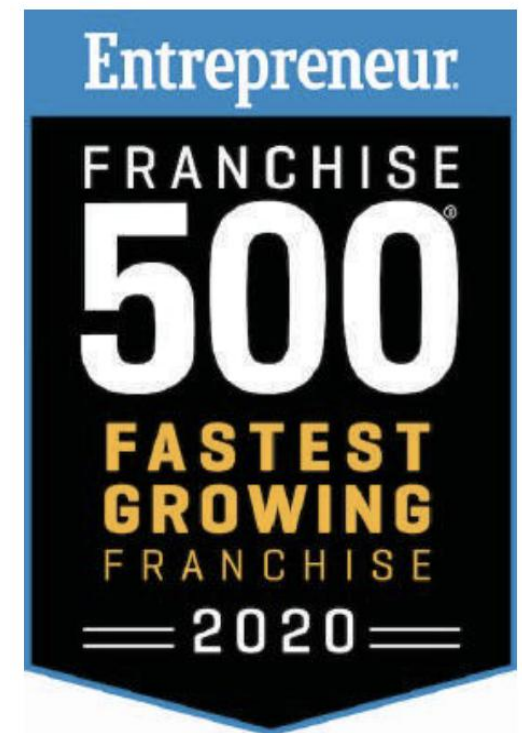

Breathe Easy About Your Business

Green Home Solutions is an indoor air quality company aligning with the rapidly growing wellness culture. Our franchisees provide safe, innovative products and services that create healthy indoor environments for families and employees.

We are one of the nation's fastest growing franchising systems* with 200+ locations across the country, providing comprehensive indoor air assessments, treatments, and analysis services that don't just cover up the problem but resolve it at the source.

What Sets Us Apart

Green Home Solutions professionals are dedicated to providing services that create healthy indoor air environments for families and employees using our holistic approach of interconnected services.

Our products, protocols, leadership and franchisees have a proven track record of success. Our leadership team built the nation's largest Verizon Wireless Franchise prior to GHS.

GHS will provide treatment, on average in 1-3 days. Our competitors can take days and even weeks to complete a service.

A socially responsible mindset that emphasizes supporting the community and creating a cleaner, healthier, and safer space for all.
